PERSONAL KIT LIST

This list is designed from extensive experience. It is highly recommended to follow this list as close as possible. The following is the required gear that the Cadet is to bring on exercise.

If the Cadet does not have the equipment available to him or herself, and is unable to borrow it, than it is expected that the Cadet will bring this to the attention of the Squadron staff so that it can be located.

Cadet Kit Inspections will take place on the Friday night of the FTX. Cadets will be separated by gender and will have their kit inspected by an officer or screened parent of the same gender
