

Welcome to the 2018-19 Sportsman Curling League. All games have a scheduled start time of 1:30 PM, in most cases you can get out earlier. We have a few new items for this year.

### **Five-Rock Rule**

- We will be using the five-rock rule this season.

### **Paid Dues**

- First is the team payment. On Oct 10, 17, and 24 we will hold a draw with the teams that have fully paid their fees. (This seasons' league fees are \$1200 / team.) Whether you have a 4- or 5-man team, once full payment is received (\$1200) your team name will be entered in a draw for a jug of beer. A paid-up team could win a maximum of 3 jugs.

### **Doubles Board**

- We will be using a doubles board this season. The winning team will receive a free jug of beer. After the **4<sup>th</sup> end** when the buzzer goes for the 50/50 draw, whichever team has the doubles board wins. If no team has the board when the buzzer goes, the first team to get the doubles board after that wins.

**Note:** When you make a double take-out, you must get the board to your sheet **before your team makes the next shot**, otherwise, your team forfeits the board.

**Note:** A double take-out is when **2 or more opponents' rocks in play** have been removed from play.

### **Spares**

- To avoid conflict be sure to have all your alternate players listed on the team roster. An alternate player can fill any vacant position. A spare that is not listed as an alternate player may play any vacant position as long as no regular player is displaced downwards.
