

Brooks Minor Ball Association Consent for Web Site Information

The Brooks Minor Ball Association has developed a website. This site incorporates “micro-sites” for each individual team within the Association. The team will have the ability within their own micro-site to be able to communicate with their players and parents. They will also have the opportunity to keep team statistics and rosters.

For the micro-sites to work, certain personal information needs to be recorded. This information includes the player’s name, jersey number and position. This information will not be supplied to any third parties. The information can, however, be accessed through www.brooksminorball.com by the general public. There is also a gallery on the individual micro-sites for displaying pictures throughout the season.

You must consent to the use of this information before the micro-site can be utilized. It has also been common practice for managers to provide player names and various pictures to the media (newspaper & radio). Please sign below to give your consent. If you have any questions or concerns, please direct them to your team manager or web-manager (www.brooksminorball.com).

I hereby consent for the information listed above to be used on my child’s team micro-site within the Brooks Minor Ball Association website for the purposes noted above as well as for information from time to time to be released to the media about my child’s team:

Player Name _____ Date _____

Parent Name _____ Parent Signature _____

Comments: _____
