team# - A1-A4, B1-B6 determined from results of first two weeks and draw-to-button

At the end of the March 12th games 1 player from each team will throw a draw to the button with sweepers to determine a team draw score.

If the first player does not hit the rings a second player will shoot and a note will be placed on the score board to show which player threw the shot
This score will be used for breaking ties and seeding teams for the finals
