About the Crestwood Curling Club

Our Mission Statement

The mission of the Crestwood Curling Club is to provide an excellent facility that will attract and retain members to participate in our sport at all levels in an affordable and friendly environment.

Our Facility

In 1954 a group of enthusiastic people gathered at the Crestwood Community Hall to discuss the possibility of leasing land on city property that had been set aside for park and community grounds for to build a curling rink. A temporary executive was elected at this time, and plans to build a six sheet curling club were unveiled.

Today the Crestwood Curling Club is a modern, six sheet club open to the public and curlers of all ages. Several renovation projects have happened over the years making the Crestwood a modern facility.
