 - Dionne to see if we can rent ice until March 1, 2015 and the rest on demand depending on playoff requirements.
- Tracey noted the ref clinic is September 13
- Ryan made a note we essentially need \$500 more per kid if we don't fundraise to break even in an operating year
- Discussion regarding coaches and managers, 1 head coach and 1 manager per team, no joint head coaches or managers
- Registrar report
 - Pre hockey 3, Tyke 16, Novice 26, Atom 21 for a total of 66
- Ice Scheduler report

- We aren't currently charging for conditioning camp, it was suggested we need to work out a standard fee for conditioning camps to be more inline with other minor hockey associations and to recover costs of ice rental
- Coach in Chief Report
 - It was decided that Jeff Miller and Mike Heppner would work out the details for people to help with evaluations
- 3on3 Report
 - It was commented that we need to focus on getting additional Atom teams to participate in our 3on3 tournament, believed that enough Novice teams would be signed up. Was decided that one parent from each team would help do the clock.
- Brief discussion regarding 2&27 and Novice
 - Brought up that Cremona stayed in CAHL, and Crossfield is thinking of dropping out of 2&27. Dionne stated she would reach out to Nicki our rep to investigate. Decided we still have time to make a decision regarding the Novice kids if required
