

Ellerslie Curling Club

Fall 2014

Hello Curlers

Hope you have had a great summer so far. I know it doesn't seem like its possible, but curling is just around the corner.

So having said that, here is a registration form and schedule for the season. Please complete and forward to me here at the office either by regular mail or email, along with your deposit. You have until Aug.22<sup>nd</sup> to keep your spot for the season.

New:

Wednesday Daytime Open League- if we have enough interest childcare will be available.

We have a new Open League on Wednesday evenings that will be alternating with the Ladies league on Wednesday nights; draw times are 6:45 pm and 9:00 pm.

Our Sunday Open beginner league and Sunday Mixed league will be curling 14 weeks this season.

We are also hosting a number of events this year starting with The Support Network Fun Spiel on Oct.25<sup>th</sup>, The Open Retro-Spiel on November 22 and 23<sup>rd</sup>, **NACA Women's Northerns** Dec.18-21, and our Ladies Spiel Jan.23-25, The Hazel Jamison Feb.14-16, and our very popular Mixed Spiel Feb.19-22, followed by our Men's Spiel Mar.13-15. We are also hosting the Knights of Columbus Provincials March 20-22., so you can see we have a very busy season ahead.

This summer we had to replace our cistern, yes if you did not know we are still in the country out here. The entire area around us does not have drainage services, which means we haul in our water and pump out our waste. We have been to City Hall and have had a number of discussions with Amarjet Sohi, our councillor,

to no avail. The Wernerville area is a special study area, and the city is unwilling to put in water or sewage lines to our facility. So the club will be running some different fundraisers etc. this season as this was a very costly item to replace, and we ask you for your support and or time to help us.

Don Palmer and Travis Fankhanel will be back for another season to keep our ice in great shape.

Terry Allen catering will be providing full concession services this season at our club; Terry and Randy will be open every night and have a great menu, so please support them.

If you are interested in volunteering, please consider becoming a Board member! Speak to Susan about becoming involved at our club.
