White Rabbit (fan, gloves, mallet, blanket and pillow for bed, cards (paint cans with handle, paint brushes (small, not to big), rose queen (wand), Alice (Emily: key and bottle).
- **All practices are in the order of the ice show** so that skaters can see how the show will flow. **No flipping of spots will be permitted** as this will cause confusing for our skaters.
- Please come to the rink with all hair and make-up done already. Make sure skates are clean, that you have clean laces and that you bring along a zip-up sweater for over your costumes to stay warm.
- All skaters **must** be in the dressing room that has their group names on the doors. This makes it easier for us to track you down!
- All skaters must be in the stands close to the backstage area, ready to go 10-15 minutes before their skating time and stay where the ice captain can see you so that they can make sure everyone is accounted for and get you onto the ice on time.
- If you have questions, please contact your coaches.
- **All STARSkaters must** do a 15 minute **off-ice** warm up before taking to the ice for their programs, there **will not be room back stage** to warm up. Run and make sure you are warm!
- No camel spins or spirals behind the back drop **at any time**.
