

2017/18 School Rentals

To: Physical Education Teachers

Thank-you for your support last year and we look forward to working with your students next season.

Our pricing next year will remain at \$3.50 per student however we will be offering a qualified instructor if needed at a cost of \$25 per session. We would like to offer help for your class instruction by inviting some of our experienced members to help out with your classes as the need arises.

We expect that all classes are adequately supervised on the ice surface at all times.

We would like to offer to any interested teachers a clinic in the fall at SGCC. The clinic will include both off ice preparations and on ice class preparation for curling etiquette, rock delivery, sweeping techniques as well as scoring and basic strategy. A copy of a teacher's manual for their classes and access to instructional videos will be made available to each participant.

We will forward a date for the clinic and any associated costs early in the fall.

If you have any questions please feel free to contact me.
